WORK EXPERIENCE::

Organization/Employer	Designation	From	To
Optimus Web Solution	Sr. QA	Jan 2025	Present
Saarthi Pedagogy Pvt Ltd.	Software Test Engineer(QA)	Nov 2022	Nov 2024

Job Profile at Saarthi Pedagogy Pvt. Ltd. & Optimus Web Solution

Projects	Publisher v2, Saarthi Support, Classroom, Saarthi Schools, Saarthi Student App, Saarthi Teacher App
Description	Worked on a suite of EdTech and school management platforms including Publisher v2, Saarthi Support, Classroom, Saarthi Schools, Saarthi Student App, and Saarthi Teacher App. These products collectively enhance digital learning and streamline school operations. Publisher v2 enables teachers to create interactive books, chapters, and assessments with integrated learning resources. Saarthi Support simplifies administrative processes through role management, data coordination, and CRM-based reporting. Classroom and Saarthi Schools provide real-time insights into student performance and classroom activities for teachers and administrators. The Saarthi Student and Saarthi Teacher mobile apps (available on Google Play) extend these features to mobile, offering personalized learning, classroom management, and performance tracking in an intuitive interface.
Duration	November 2022 to November 2024
Platform	Windows
Skills Used	Manual Testing, Selenium WebDriver, Java, Agile, Click-up/Jira, SQL, API testing using postman, JMeter
Team Size	22

Project	DLPP – Department of Lands & Physical Planning (Papua New Guinea)
Description	Worked on a government project aimed at modernizing land management and spatial data systems for Papua New Guinea. The platform supports the National Land Use Information Management System, enabling digital land records, GIS-based mapping, and sustainable land-use planning. Contributed to improving data integration, accessibility, and transparency across departments, helping streamline land allocation, registration, and physical planning processes nationwide.
Duration	January 2025 to till date
Platform	Windows
Skills Used	Manual Testing, Selenium WebDriver, Java, Agile, Jira, SQL, API testing using postman
Team Size	10
